

We Play to Learn

Valley View Early Learning Center

Fast Facts

Welcome to Valley View!

Valley View ELC provides the highest quality early learning experiences for children ages 2 1/2 - 5 years old. Our program is designed to promote and enhance the growth and development of all children. These very important early years promise to be ones filled with discovery and joy as your child works and plays in an environment that is nurturing and challenging. Current research has shown that the best way for a child's brain to learn is through discovery, exploration and long blocks of play. Our inclusive program utilizes an emergent curriculum built on the natural interests and curiosities of the children. Teaching teams intentionally design learning experiences to support social/emotional, cognitive and physical development that are aligned with Arizona Early Childhood Standards as well as with the standards of the National Association for the Education of Young Children. —Jen Dooley, Principal

Our state-of-the-art campus has fourteen classrooms, a motor room and an expansive playground.

We believe children learn best...

- when taught by highly qualified, Arizona certified, early childhood teachers.
- By making their own discoveries.
- through long blocks of uninterrupted play.
- with peers and adults with whom they have caring relationships.
- in an atmosphere which celebrates the joys of everyday life.
- in a community which values diversity and inclusivity.
- with respect for each child's opinions, preferences, strengths and needs.
- using their bodies to experience the world through physical, constructive activities.
- in a comfortable, home-like environment.
- by fostering each child's social, emotional, physical and cognitive development.
- By maintaining a 1:9 adult to student ratio.
